ANNUAL REPORT FOR THE YEAR 1920.

ON the eve of the centenary of the Seamen's Hospital Society the Committee present their 100th Annual Report, and record a year of great activity and prosperity. The various establishments of the Society have now settled down to pre-war conditions.

The year under review witnessed the beginning of the work of the Hospital for Tropical Diseases, Endsleigh Gardens. The first patient, C. E. Long, suffering from Bilharzia, was admitted on the 9th February. Very soon all the beds were occupied, and during the latter part of the year 50 beds were in daily occupation. The facilities which the munificent gift of the British Red Cross has enabled this Hospital to afford have been of the very greatest service. All patients treated there were suffering from some form of Tropical Disease. On the 11th November, H.R.H. The Duke of York formally declared the buildings open. The Duke was received by Lord Milner, the Secretary of State for the Colonies, and the President of the Society, Admiral the Marquess of Milford Haven, and many distinguished guests were present, in addition to a large number of members of the Committee of Management and the Honorary Medical Staff.

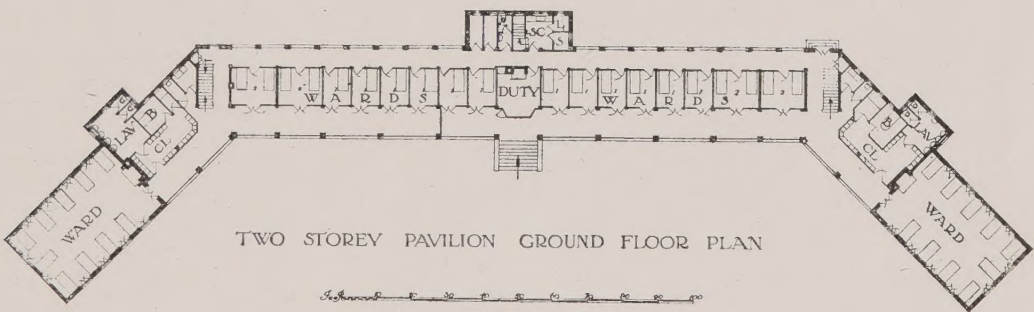

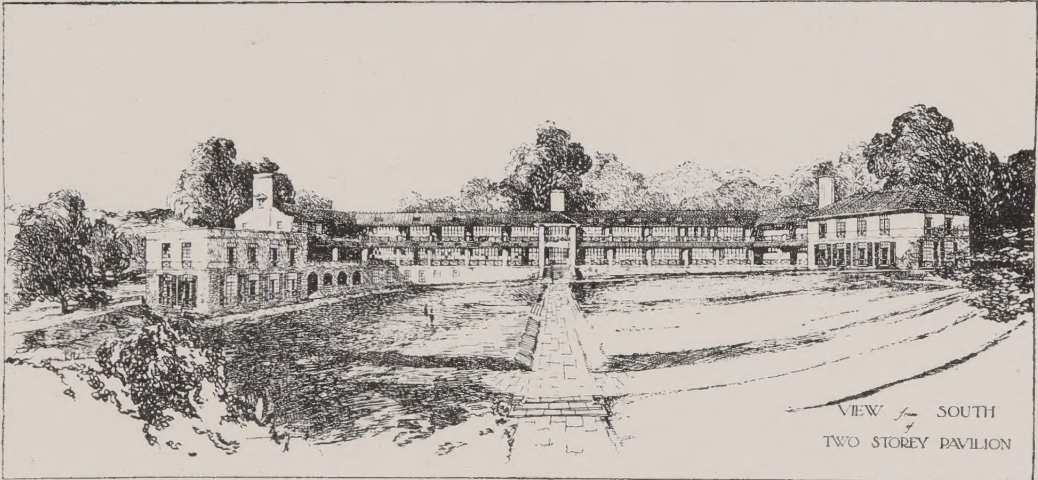

On the same occasion His Royal Highness unveiled a Memorial Tablet recording the gift of £10,000 from the Mesopotamia Comforts Fund, for the endowment of a Ward in memory of the late General Sir Stanley Maude.

The past year has also seen the London School of Tropical Medicine transferred from the Albert Dock Hospital to a portion of the premises in Endsleigh Gardens. Lord Milner has raised a fund amounting to £115,000, to defray the cost of removal to town, to improve the endowment and to provide for research.

In previous Reports the attention of the Governors of the Society, and friends of Sailors generally, has been drawn to the need that exists for affording succour to Mariners afflicted with consumption. Tuberculosis is not only widely prevalent, but is actually on the increase, among Seamen. Apart from the fact that there are not sufficient Sanatoria beds available for the number of patients suffering from Tuberculosis, the Mariner often finds the greatest difficulty in gaining admission to any of the existing Sanatoria, owing in a great measure to the fact that he frequently can show no domicile. As mentioned in the last Report, Lord Inchcape, Chairman of the P. & O. and B.I.S.N. Companies, has raised a Fund for the provision of a Sanatorium where those suffering from this disease may be treated under the most favourable conditions. So successful has His Lordship's appeal been that by the end of the year over £84,000 had been subscribed. His Majesty the King has been graciously pleased to command that the Sanatorium at Bramshott shall be called "King George's Sanatorium for Sailors." With the co-operation and assistance of the Ministry of Health, modern pavilions are in course of erection, and it is hoped that within the next few months the premises may be available for occupation.

In consequence of the almost prohibitive cost of building during the past two years a beginning has not yet been made with the improvement of the old buildings at Greenwich. The Fund which Lord Devonport so successfully raised is available for this purpose, and though the prices of

KING GEORGE'S SANATORIUM FOR SAILORS, BRAMSHOTT, HANTS.

material and labour are still unduly high, it is felt that further delay cannot be justified, having regard to the urgent need there is for providing adequate accommodation for the Nursing Staff and for Pathology, Radiography, Massage, etc., which has been so long needed in that branch of the Society's system. It is hoped that during the present year the necessary work may be undertaken.

Most liberal support has been accorded to the Society, and the country has seen to it that the sick and injured Sailor shall not be neglected, a proof that his heroic services rendered during the war have not been forgotten.

The Committee announce with much gratification the following endowments during the year:—

At the Dreadnought Hospital, Greenwich—

Mr. and Mrs. Morris, of Buenos Aires, have endowed two beds. (See also King George's Sanatorium for Sailors.)

An anonymous donor has endowed the "Alec Hammond Bed."

Lloyds Bank have endowed the "Lloyds Bank Bed."

Members of Lloyd's, the Marine Insurance Companies and Shipowners, have endowed a bed on the occasion of the Sea Services Commemoration (Mercantile Marine Section), held on 4th August, 1919.

A bed has been endowed by the Minesweepers' Fund, in proud and grateful memory of the Deep-Sea Fishermen who served in the Minesweeping Fleet during the Great War, 1914-1918.

The Seamen's Hospital Aid Committee have given a sum of £200 towards the endowment of a bed, and Miss

M. Lacey has given £100 towards the endowment of the "Lacey Bed."

At the Albert Dock Hospital—

Captain G. N. Reynolds, M.C., and Mrs. Reynolds have endowed the "Reynolds Bed."

At King George's Sanatorium for Sailors—

Mr. and Mrs. Morris, of Buenos Aires, have endowed a bed.

Mrs. Angas, the donor of the Angas Convalescent Home, has endowed a Ward.

Although beset with many difficulties in financing the Hospitals consequent upon the greatly increased cost of food and other commodities, the Governors will be glad to know that so generous has been the support accorded that the ordinary expenditure of the Society has been met.

To all who have so generously given for the care of sick and injured Sailors the Committee tender their most grateful thanks.

The Committee again desire to record their appreciation of the services of the Hon. Medical Staff, the Chaplains, the Matrons and Nursing Staff and other employees of the Society.

PERCEVAL A. NAIRNE,
Chairman.

14th February, 1921.
